

JUANITA GREENBERG'S NACHO ROYALE

At Juanita Greenberg's Nacho Royale we make real food prepared fresh and fast. We were the first to bring original style nachos, quesadillas, and big fat healthy burritos to Charleston. Over a decade ago, we first opened Juanita Greenberg's Burrito Palace on Wentworth Street in Historic Charleston. We were just across the street from Andolini's Pizza, our flagship restaurant.

From our pico and guacamole right up to our Royale Nachos and Burritos, all of our food is cooked to order using only the freshest ingredients. Even our margaritas are "world famous" and the best this side of the border. Juanita Greenberg wouldn't have it any other way... and yes she is alive and well living in Florida!
