About Moe: It's pretty simple, really. A guy named Moe wanted to create a place where he could combine his favorite flavors from road trips through the southwest with his favorite music from days gone by.

The food: Moe is fanatical about fresh food. You eat lunch, the ingredients were prepared that morning; you eat dinner, the ingredients were prepared that afternoon—all fresh, all from scratch (we don't even own a freezer.) Also, our chicken and steak are marinated and grilled, and we don't use lard, animal fat, or MSG.

The menu: Nothing fancy, just names that made Moe laugh. Would somebody name a burrito "Joey Bag of Donuts" if they took themselves too seriously?

The music: Moe wanted to pay tribute to his musical heroes that have passed on and would never have a chance to taste his food—hence the paintings and music. A little strange? Maybe. But that's just Moe.

*(Our food is prepared mild -
you want to jazz it up, just bark.)*
